OUR SERVICES

Care Angels Homecare and Staffing Limited will provide the following home health care programs at flexible schedules and cost-friendly service rates.

1h HOURLY HOME CARE.

Our Hourly Care program allows you or your loved one to manage a personal schedule, enabling us to be available at any moment to meet your needs. We create person-center care plans for our clients around the 24-hour a day, adjusted according to our free assessment. Our solutions are not only cost-effective, but provide the highest value to our clients as and when our service is needed.

DAILY HOME CARE

Daily Care provides older adults with 24/7, around-the-clock care. Clients and their families enjoy peace of mind with reliable

With 24/7, around-the-clock care, a caregiver is always watching over your loved one, offering emotional support, reducing fall risk and assisting in all activities of daily living.

HOSPITAL TO HOME CARE

One of the leading causes of hospital readmission or slow post-hospitalisation recovery is the lack of proper support following a hospital discharge. Whether you or a loved one is transitioning directly home after a hospitalisation or moving through the care continuum via a rehabilitation or medical care facility, in-home care is a key resource for a safe and successful recovery process.

RESPITE HOME CARE

Respite Care is temporary care to provide family caregivers relief from the full-time care they have been providing for a loved one. At Care Angels Homecare Limited, our services and respite care can be arranged on a temporary basis with no obligation to continue home services once we are no longer needed.

SPECIALIZED CARE

Many assume that when the needs of an ageing adult reach a certain point, their options for care are limited to a care facility. Adult children might assume that, eventually – despite what she prefers – Mom may have to move to a nursing home. In-Home care can provide the skill set, experience and one-on-one care appropriate for clients with various levels of care needs, including the specialised care required by an individual dealing with Alzheimer's, Parkinson's, stroke recovery and more.

SUPPORTED LIVING

Supported Living provides older adults with 24/7, around-the-clock care. Clients and their families enjoy peace of mind with reliable. Our supported living services provide innovative and person-centred support enabling people with autism, learning disabilities, mental health illnesses and challenging behaviours to live as independently as possible within their own homes and in the local community.

CARE ANGELS HOME CARE AND STAFFING
